Types of passes and prices

There are two types of JAPAN RAIL PASS: Green (for superior-class Green Cars), and Ordinary. Each of these types is available as a 7-day, 14-day, 21-day PASS. See "JAPAN RAIL PASS scope of validity", for services that can be used with a JAPAN RAIL PASS.

■ Prices

Type	Green		Ordinary	
Duration	Adult	Child	Adult	Child
7-day	¥70,000	¥35,000	¥50,000	¥25,000
14-day	¥110,000	¥55,000	¥80,000	¥40,000
21-day	¥140,000	¥70,000	¥100,000	¥50,000

The above prices are in yen (¥) for the JAPAN RAIL PASS Exchange Order. When purchasing online, the payment amount will be settled in Japanese yen. The actual cost in local currency when purchasing outside of Japan is calculated based on the Banker's Selling Rate (BSR), etc., at the time when the Exchange Order is issued. Note that the exchange rate when you purchased the JAPAN RAIL PASS may differ from the exchange rate when you actually visit Japan.

The local currency price, applicable exchange rate, and issue date for an Exchange Order are specified on the Exchange Order itself.

The price of the child JAPAN RAIL PASS will apply to children who are aged 6 to 11 as of the date of purchasing online and the issue date of the Exchange Order.

(Prices are subject to change. The prices will be specified at the time of purchasing online or issuance of the Exchange Order.)

Eligibility conditions

The JAPAN RAIL PASS is a special fare pass that is available only to travelers visiting Japan from foreign countries for sightseeing. To be eligible to purchase the JAPAN RAIL PASS, you must meet one of the following two conditions. Even if you have purchased a JAPAN RAIL PASS online or have an Exchange Order, if you do not meet the qualifications for using the JAPAN RAIL PASS, you will be unable to pick it up or exchange for it. Please confirm the usage qualifications thoroughly prior to purchasing an Exchange Order. Also, if you do not meet the usage qualifications due to factors such as insufficient documentation (including insufficient or incorrect instructions from the travel agency where you purchased your Exchange Order), you will not be able to receive a JAPAN RAIL PASS, and the JR Group will not be responsible for any transportation expenses incurred during your stay in Japan as a result. Please confirm that you have all the required documents prior to leaving your country.

Eligibility condition-1 Foreign travelers visiting Japan from a foreign country for sightseeing on a "Temporary Visitor" visa.

"Temporary Visitor" entry status, according to Japanese Immigration Law, allows a stay in Japan of 15 days or 90 days for "sight-seeing, etc." If you apply for a "stay for sight-seeing" when you enter Japan, entry personnel will stamp or put a sticker on your passport as "Temporary Visitor." Only persons who have passports bearing this stamp or sticker can exchange and use a JAPAN RAIL PASS.

* If you use an automated gate, no stamp will be applied to your passport. Either use a manned automated gate or ask a clerk to apply the stamp to your passport. However, customers who have a "registered user card" under the Trusted Traveler Program will be required to show the card to confirm the "Temporary Visitor" status.

Eligibility condition-2

Japanese nationals living outside Japan who meet the following conditions.

People who have both their Japanese passport and written proof—obtained from the embassy or legation of Japan in the foreign country where they live—that they have been living legally in the country for 10 consecutive years or more.

* You must present both your passport and proof of eligibility to purchase an Exchange Order in a country other than Japan, and to exchange your Exchange Order for a JAPAN RAIL PASS in Japan.

* You cannot use a photocopy of your passport to purchase an Exchange Order or to exchange your Exchange Order for a JAPAN RAIL PASS.

* You can purchase an Exchange Order and exchange it for a JAPAN RAIL PASS only if your stay in the country for 10 consecutive years or more is verified by such written proof.

<For individuals who possess passports issued by both Japan and another country>

In accordance with the Japanese Immigration Law, please present your Japanese passport to immigration when entering the country. In this case, your Japanese passport and a documentation verifying your stay in another country for 10 or more consecutive years, such as a certificate issued by a government office overseas will be required.

When Exchange Orders can be purchased and exchanged

Period when Exchange Orders can be purchased outside Japan: Until December 31, 2025

Period when Exchange Orders can be exchanged for a JAPAN RAIL PASS in Japan: Until March 30, 2026

How to travel with oversized baggage

Announcement for Passengers taking the Tōkaidō / Sanyō / Kyūshū Shinkansen (Tokyo — Kyōto — Shin-Ōsaka — Hiroshima — Hakata — Kumamoto — Kagoshima-Chūō), and on the Nishi Kyūshū Shinkansen (Takeo-Onsen — Nagasaki)

Passengers traveling with oversized baggage are required to reserve 「Seats with an oversized baggage area (inside cabin)」, 「Seats with an oversized baggage area (outside cabin)」

● What does oversized baggage mean?

A passenger is allowed to carry on two pieces of baggage weighing less than 30 kg and with total dimensions of 250 cm or less (A+B+C) and a maximum height of 200 cm. Oversized baggage is baggage of which the total dimensions are greater than 160 cm. This size is almost the same as that for which an oversize baggage fee is charged on international flights.

* Varies by airline.

● What are seats with an oversized baggage space?

The seats at the last row of some cars are seats with oversized baggage areas. Passengers who reserve these seats can use the oversized baggage area behind them for their luggage.

* Non-reserved cars and some reserved cars do not have seats with oversized baggage areas.

● What are seats with an oversized baggage compartment?

- There are seats with a baggage compartment located at the deck closest to your seat.
- The maximum sizes of oversized baggage that can be carried onto the train is a size of 80 cm x 60 cm x 50 cm for the upper compartment and 80 cm x 60 cm x 40 cm each for the bottom compartments.
- If you would like to use the upper compartment, make a reservation on an aisle seat with an oversized baggage compartment, and if you would like to use the bottom compartment, make a reservation on the window seat with an oversized baggage compartment.
- Pass the cable through the handle of your baggage and lock it in. You will need to use your own contactless IC card such as a transportation IC card to lock your baggage in.
- Kindly be aware that some IC cards and mobile terminals cannot be used to do this.

● Reservation

- Reservations can be made at a reserved-seat ticket machine or at ticket offices in JR stations. If you have purchased a JAPAN RAIL PASS online, you can reserve a seat with an oversized baggage area on the JAPAN RAIL PASS reservation website.
- When making a reservation at a ticket office, inform the member of staff that you will be traveling with oversized baggage.
- Seats with an oversized baggage space and seats with an oversized baggage compartment are limited, so book your reservation early. If no seats are available, please make a reservation on an earlier or later train.
- Passengers traveling with oversized baggage without a reservation will be charged a baggage fee (1,000 yen including tax). In this case, store your baggage as instructed by the train crew.
